

PORTABLE CUSTOM SCOREBOARDS & SYSTEMS

3BSH – THREE BOARD SYSTEM

Each board stands on its own legs. Boards shown are butted side by side. This system will give you all the room needed for your largest event. For smaller events, only one or two boards may be needed. Systems sold in two, three and four board units with or without headers. After a day of scoring the legs fold up and can be easily carried away for storage. A limited quantity of scoreboards are made and sold each season. Sold on a first come basis.

Dimensions: Large Board scoring surface: 47" x 95". Each board stands 6'5" tall. Ground to board is 31". Approximate weight: 79 lbs. See our reusable letters for signage on headers.

Boards are laminated with green Cordura nylon on both sides, doubling the life of the boards. When one side needs to be replaced, reverse back legs to use reverse side.
